

## CO Detectors

DMD-500

### **Standard carbon monoxide detector with electrochemical cell with deep base included.**

Connection to 2 wires without polarity. Diagnostic LED. Resolution: 1 ppm. Certificate UNE 23300: 1984. Dimensions: 77x100 mm. Ten years life time.

DMDP-500

### **Compact carbon monoxide detector with electrochemical cell.**

Antivandal protection (wall fastening, shock resistance, protection against water). Connection to 2 wires without polarity. Diagnostic LED. Resolution: 1 ppm. Certificate UNE 23300: 1984. Dimensions: 93 x 93 x 55 mm. Ten years life time.
